

ASHLIE PREMEPEH SOFTWARE DEVELOPER

An ambitious and creative full-stack developer with interest in all things UX and front-end. Selected onto the School of Code program out of 2000 applicants.

DEVELOPMENT EXPERIENCE

SCHOOL OF CODE - FULL-STACK DEVEVELOPMENT

NOVEMBER 2021 - MARCH 2022

- Technologies: HTML, CSS, JS, React, Node.js, Express, PostgreSQL
- Created useable and responsive front and back-end applications
- Led a cross functional team of developers to plan, carry out and complete user research, personas and journeys
- Effectively followed agile principles and methodologies
- Constructively enabled communication between team members, reducing risks and handling blockers
- Accessed heavily nested data in arrays and objects and used DOM manipulation to create HTML elements
- Generated low and hi-fidelity wireframes using Figma
- Created and read tables in PostgreSQL and performed CRUD operations

CODE FIRST GIRLS - INTRODUCTION TO PYTHON PROGRAMMING
